1. Volunteers must obtain the name, signature and phone number of the person/organization that supervised each activity in order for hours to be validated.

2. Master Gardeners Interns are to work with a horticulture-based organization with pre-approved activities to accumulate their required 40 hours. Interns will be better prepared to become a Master Gardener if volunteer hours include a variety of activities. Hours should benefit the community via a combination of hours in gardening related volunteer work, hours in meetings and hours in horticultural related events. The Manitoba Master Gardeners Association publishes approved volunteer opportunities and should be contacted to confirm pre-approval of other opportunities. Contact volunteers@mgmanitoba.com with any questions.
